Introductory Message

I received many emails stating they understood why I was not going to be putting out a monthly newsletter, but telling me how much they would miss it. Then I received numerous information that people wanted to get out the Dixie Springs community.

I will put out Dixie Springs updates as needed. By doing this, I do not need to spend the numerous hours I spent with the City Council and Planning meetings, and I am not on a set schedule.

If you have something of interest to the community, please email it to me.

Thanks for your continuing support.

Nancy Crowley

Nightly Rental Updates

At the City Council meeting on Thursday, 7 Apr 2022, they voted on a small part of the proposed updates to the short-term rental ordinance. There are more proposed changes they will be working on.

The fine for short-term rental violations changed from a criminal penalty to a civil penalty. A criminal penalty

must be handled through the courts, but a civil penalty can be enforced by an administrative fee.

The emphasis will be on the many properties in Hurricane that are operating as short-term rentals without having a license.

Many of these violations are in Dixie Springs.

The fine will be \$750 per day.

Up to this point, the City has done nothing to these unlicensed short-term rentals.

If you know of short-term rental that is operating without a license, or a short-term rental that is causing you issues, report it on this web page:

<https://secure.hostcompliance.com/hurricane-ut/complaints/type>

This is good news for Dixie Springs. Something should finally be done.
