## **LAKE POWELL PIPELINE UPDATE**

The final alignment for the Lake Powell Pipeline will be determined through a multi-year federal environmental process, which is just getting started. Everyone concerned about the pipeline project and where the power lines will be run need to submit comments to the multiple agencies that will consider the various impacts of the project and ultimately determine its alignment. Comments can be filed anytime by following these instructions:

Log onto [ferc.gov](http://ferc.gov)

The docket number for the Lake Powell Pipeline is P-12966

In the blue bar, click on “Documents & Filings”

In the drop down, click on “eComment” in the orange comment bar

Enter the requested information and your comment and click “submit”.

The pipeline project manager for the state of Utah, said they submitted a general design to submit to the FERC for them to decide if they will approve the

plan. If they do, then the funds will be released to revise the plan to it's exact alignment design. It will take about two years for them to get those federal decisions to move forward. He commented that Dixie Springs did not have infrastructure when the consultant developed what is the preliminary design.

The engineers at the Water District understand the concerns about running the power lines through Dixie Springs. They plan to form a team with a designated contact person to answer any questions and provide a uniform response. This point person will be identified for anyone to call and express their concerns. The state is updating their website with information about the project. They are creating a newsletter and the public will be able sign up to get on the routing list via email on their website. This work will not be completed for several weeks. The website for the division is [water.Utah.gov](http://water.Utah.gov) This newsletter will provide updates and identify the contact point person. The water district engineer seems positive about their ability to find another solution.

## **OFF-HIGHWAY VEHICLE USE**

There have been complaints about driving off highway vehicles on vacant lots, and driving down the roads late in the evening or early in the morning. While some of these issues are caused by the nightly rentals in the Community, some are caused by residents. It was asked that the City Ordinances be published in the newsletter as a reminder to everyone.

Here are the Hurricane City Ordinances on that issue:

### **7-1-8: OFF HIGHWAY VEHICLES**

#### **E. Restrictions On Privately Owned Lands:**

**I. No person shall operate or accompany a person operating an off highway vehicle upon privately owned land of any other person, firm or corporation without permission from the owner or person in charge.**

#### **I. Designation Of Routes:**

**I. Within the city of Hurricane, the following streets are designated as the only off highway**

**vehicle routes within the city of Hurricane for the specific purpose of allowing off highway vehicle operators to gain access to or from a private or public area open for off highway vehicle**

**use: [list of designated streets follows including Sand Hollow Road]**

**2. Except for off highway implements of husbandry used only in agricultural operations, a person may not operate an off highway vehicle on any street within the city of Hurricane for any purpose other than to gain direct access to the streets designated as off highway vehicle routes in subsection II of this section for the specific purpose of using these routes to gain direct access to or from a private or public area open for off highway vehicles, or as required for fueling and/or maintenance.**

## **FREE CHRISTMAS CONCERT**

The Hurricane Community Choir will have a FREE concert on Saturday, 2 Dec 2107, at 7 pm. The concert will be held at the Hurricane Fine Arts Building, 92 S 100 W, Hurricane UT.

The concert will highlight many of your Christmas favorites and is a great evening of entertainment for everyone. A number of your neighbors in Dixie Springs are in the choir. Come out for an evening of great music.

## **FREE MESSIAH PERFORMANCE**

The Messiah Choir and the Southwest Symphony Strings will be performing select pieces from Handel's Messial on 17 Dec 2017 at 7 pm. The performance is free and will be held at the Hurricane West Stake Center, 272 S 700 W, Hurricane UT.

The choir and the orchestra are wonderful and it is a great night of music. Feel free to sing along!

## SECTION CAPTAINS

Section Captains contact new people, welcome them to the community and ask if they would give their email for the newsletter. This is a great chance for you to meet your new neighbors. It also ensures that everyone feels welcome to our community.

Dixie Springs is platted into lettered sections. We

have sections A through G.

To see the sections, see the following web page:

<http://www.dixiesprings.info/information.htm>

If you would like to help, contact Nancy at [webmaster@dixiesprings.info](mailto:webmaster@dixiesprings.info)

## RECOMMENDED VENDORS

The list of recommended vendors is on the web at <http://www.dixiesprings.info/vendors.htm>. If you had good service from a vendor, submit your information so everyone can benefit from your experience.

## DIXIE SPRINGS COMMUNITY FUND

The Dixie Springs Community Fund is used to:

- Fight threats to our residential community by establishing a relationship with a lawyer who can provide council and other representation
- Fund the Dixie Springs Community Web Site
- Fund the email messages (free now but there is a cost once we get to a certain size).

No funds would be used without approval of a committee of community members.

The fund will **not** be used to enforce CC&RS.

The money for the fund comes from voluntary donations. We recommend \$100 per year per home,

but any amount is welcome. Any use of the money will be reported in the newsletter.

To contribute to the fund, put your donation into the following account at the Mountain America Credit Union: 9992856. Put your name and lot number or address as a memo on the deposit.

You could set up a \$10 a month automatic deposit into the account, if that would be easier.

Please help your community. You may not be impacted by some of the threats now, but you may be in the future and will be glad of the support of your neighbors and the fund. Let's all work together!
